

2017 Call for Abstracts - Poster Session at Connected Health Conference

Do you have connected health or mHealth research results to share with an international audience? Would you like to present your findings in a poster format to more than 3,000 health and industry leaders? Are you eager to be in Boston, a hub of health and innovation, in October?

Here is your opportunity to apply to present your poster at the [2017 Connected Health Conference](#) (CHC17). CHC17 takes place October 25-27 in Boston. Combining the highly-respected [Partners Connected Health Symposium](#) with the [Personal Connected Health Alliance](#) (PCHAlliance) Connected Health Conference (formerly the mHealth Summit), the newly designed CHC17 will convene an unmatched audience of the top movers and shakers, frontline healthcare providers, and forward-thinking companies. This can't-be-missed event will be the best opportunity to rub elbows with decision makers, gain market knowledge, showcase the latest technologies and get a front row seat to the future of technology-enabled health and wellness. The poster session is co-hosted by Partners Connected Health and [JMIR Publications](#) (publisher of the [Journal of Medical Internet Research](#) [JMIR, Impact Factor: 4.7], and other leading journals).

Abstract submission for the poster session began June 15, 2017 and closes July 27, 2017.

Who should submit:

- Academics and Researchers working within the Connected Health field.

What to submit:

- An abstract (up to 500 words) that includes: a **Title, Background, Objective, Methods, Results, and Conclusions**.
- Poster presentations should be relevant to the Conference theme, [The Connected Life Journey: Shaping Health and Wellness for Every Generation](#), or one of these topics:
 - Connected health in clinical care and remote monitoring
 - Evaluation of new business models in a changing healthcare environment
 - User-centered design of connected health technologies and applications
 - Evaluation of clinical and business innovations
 - Design and implementation of global data exchange
 - The consumerization and quantification of health
 - Connected health technologies for underserved populations (global health)
 - Evolution of wearables and sensors
 - Artificial intelligence, voice technology and virtual reality
 - Combatting addictions

When to submit:

- The final submission deadline is **5 PM on Thursday, July 27, 2017**.

How to submit:

- The abstract submission website opened for submissions on Thursday, June 15 2017.
- Prepare your abstract, then go to the [submissions site](#) to enter and upload it.
- Abstracts will be accepted based on the recommendation of an independent peer-review panel.
- Accepted presenters will be notified no later than August 15, 2017.

Why to submit:

- Poster abstracts (and actual posters) will be published online in JMIR's [iProceedings](#), free of charge.
- The presenting author will receive **one free registration** to the Conference. Poster authors should plan to present their posters during the designated times.
- All accepted poster authors are eligible (and encouraged) to submit **a full paper to be published** in a multi-journal **CHC17 Theme Issue** by JMIR Publications at a 20% discounted Article Processing Fee. Full papers can be submitted until 2 months after the conference. Please select the CHC17 section on submission to any JMIR journal, as described [here](#).

For more information, see the [FAQs](#).

For content submission questions, please contact [Julie Brown](#) at 617-643-3905.

For technical support uploading your abstract submission, please contact support@jmir.org or search the [JMIR Knowledge Base](#).
